## First Step in a Long Journey

It all started innocently enough. (Funny how many things in my life could be described that way!)

Anyway - I'd been playing around with songs like these since 1986. Some were in pretty good shape while others were fragments or so cringe worthy it was painful to hear them. Somehow in a conversation with a colleague at work, Richard Moore, (the fellow mentioned on albums 9 and 10,) it came up that I played the piano. He seemed kind of interested, so I previewed some songs for him and his wife, Jan.

Wonder of wonders, they liked the music - a lot. (There is no accounting for some people's taste!)

So I got serious about making the songs and the rest, as people tritely say, is history. After I retired, I got really serious and started contemplating building the web site, music downloads, album sales, and doing the DJ stuff at different events.

Hopefully, you will find my songs enjoyable, too.
